Greeley Philharmonic **Guild**

*In Harmony
with the
Greeley
Philharmonic
Orchestra
Since 1972*

The Guild has a rich history as a major supporter of the Orchestra and proudly invites you to join us!

GREELEY PHILHARMONIC ORCHESTRA HISTORY

For over a century, the Greeley Philharmonic Orchestra has provided music and artistry to Northern Colorado. As the oldest professional orchestra west of the Mississippi, its mission is to nurture, inspire and enrich lives through symphonic music and education. Each year the GPO reaches out to the youth of Weld County's schools through performances of chamber music ensembles that both educate and encourage young students with their program "Inside the GPO." For each dollar raised/donated, the Orchestra can bring live professional music to three students.

THE GUILD MISSION STATEMENT

We support the Greeley Philharmonic Orchestra in whatever way we can.

THE GPO GUILD

In 1972, a small group of supporters of the Greeley Philharmonic Orchestra founded the Greeley Philharmonic Guild. The Guild is an organization dedicated to fundraising for the orchestra and providing educational and social activities centered on music and the arts. The Guild is the GPO's number one supporter as a result of the Guild's fundraising events, which currently include the *Mad Hatter's Tea* in March, the *Kentucky Derby Gala* in May, *Poinsettia Sales* and the *Festival of Trees* in December.

The Guild meets prior to each concert to conduct business and to hear from guest speakers who offer musical, historical and social context for the orchestra's current repertoire. Guild membership is open to anyone with a desire to contribute time and energy to a wonderful orchestra everyone can be proud of in this community and beyond.
